HOW TO MEASURE FOR THE PERFECT FIT:

(head measurements/size guide)

HEAD MEASUREMENT	
SMALL	54cm - 58cm
MEDIUM	58cm - 62cm
LARGE	62cm - 68cm

Since every head is unique in shape and size, it is essential to measure your head correctly when ordering our reusable hats to ensure the best possible fit.

To determine your correct hat size, use a soft tape measure to measure the circumference of your head across the temples and just above your eyebrow ridges, around the ears. Ensure the tape runs across your earlobe and around the back of your hairline, as shown in the diagrams above.

HOW TO MEASURE FOR THE PERFECT FIT:

(head measurements/size guide)

HEAD MEASUREMENT	
SMALL	54cm - 55cm
MEDIUM	56cm - 61cm
LARGE	62cm - 68cm

Since every head is unique in shape and size, it is essential to measure your head correctly when ordering our reusable hats to ensure the best possible fit.

To determine your correct hat size, use a soft tape measure to measure the circumference of your head across the temples and just above your eyebrow ridges, around the ears. Ensure the tape runs across your earlobe and around the back of your hairline, as shown in the diagrams above.

If you have hair longer than shoulder length, please add 2-3 cm to your head measurement. For those with short hair, no additional length is needed.

HOW TO MEASURE FOR THE PERFECT FIT:

(head measurements/size guide)

HEAD MEASUREMENT	
LARGE	62cm - 72cm

Since every head is unique in shape and size, it is essential to measure your head correctly when ordering our reusable hats to ensure the best possible fit.

To determine if you would fit correctly into a Conrow hat, use a soft tape measure to measure the circumference of your head across the temples and just above your eyebrow ridges, around the ears. Ensure the tape runs across your earlobe and around the back of your hairline, as shown in the diagram above.

HOW TO MEASURE FOR THE PERFECT FIT:

(head measurements/size guide)

HEAD MEASUREMENT

LARGE

62cm - 72cm

Since every head is unique in shape and size, it is essential to measure your head correctly when ordering our reusable hats to ensure the best possible fit.

To determine if you would fit correctly into a Tressair hat, use a soft tape measure to measure the circumference of your head across the temples and just above your eyebrow ridges, around the ears. Ensure the tape runs across your earlobe and around the back of your hairline, as shown in the diagram above.
